

Serving the public since 1993!

hppt://www.ProtectionAgainstCrime.com

Thank you for taking the time to review this material.

Hope this helps with your decision to have Gary Politte with Protection Against Crime (PAC), hold the free personal safety seminar. This program for men and women is informative and educational for friends, co-workers, and family. Many of the facilities are on a 1 or 2 year rotating basis, depending on staff turnover and needs.

Gary completed his training in El Paso, Texas with retired law-enforcement agents out of Los Angeles, California. Gary is a National Speaker and has provided hundreds of Personal Safety Seminars through out the Southern and South West Regions of the United States each year since 1993. As you can see from the references, Gary does seminars for different types of facilities, organizations, and clubs. Many of them are mixed groups and typically he presents the seminar at their weekly, monthly or annual: meetings, breakfasts or luncheons .Gary is able to provide his services to the people who have the desire and need for this program. He holds the seminars by organization, department or shift depending on the needs of those attending the program. Moreover, most Risk Management, Staff Development, and Human Resource Departments schedule the seminar as a mandatory program for their employees or members. The seminars range in length from 35 minutes to 60 minutes depending on the needs or structure of each group. Since this is a personal safety seminar, at the end of the program, Gary does introduce a non-lethal, non-toxic self-defense spray and trains everyone to use it.

At PAC we believe that personal safety should be part of a person's life-style, and comments have been that knowledge learned from Gary was not brought out in other safety programs previously attended by personnel. Gary does make the seminar humorous as well as entertaining, but the main reason is to have everyone be aware and prepared. By viewing our web site we believe that your company or organization will find the crime prevention information beneficial for everyone's personal safety.

If you have any questions or need more information to schedule a seminar please call. References follow for you to review at your convenience.

Again, Thank You and we look forward to hearing from you soon.

August 25, 2004

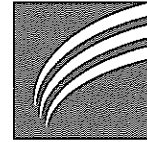

To Whom It May Concern:

Gary Politte has provided training to the volunteers and staff of the Tom Green County Sheriff's Crisis Intervention Unit two times during the last few years. His training is very informative and interesting. He covered aspects of self-protection that some of us had not considered. Most of our volunteers are women and the training is especially practical for them.

Mr. Politte also presented us with the opportunity to purchase his non-lethal, non-toxic spray for self-protection. Most of us purchased the spray, which seems to be well suited for our needs. I would recommend Mr. Politte's presentation to almost any group of people who may need to become more aware of dangers we don't always think about.

Respectfully,

Rita Guthrie, Coordinator

Gary,

I just want to thank you so much for taking time out of your evening to come and speak to the girls here at Lubbock Christian University about their safety. The information you offer to people all over is so valuable in the fact that it actually can save a life, and has prevented many life threatening situations. I believe every woman should be more educated about how to prevent an assault, rape, homicide; or in the event how to stop it, what words to use, how to fight back etc.

What you have to offer are simple, but life saving tips on how to save your life. I am so glad to have my pepper spray gun, but pray I will never have to use it. I believe it would be of best interest for all women to carry this small, but priceless device. Some of your guidelines and steps in either preventing or stopping an attack are actions girls would not know to automatically do. Some of them are just not aware, or have not been educated. They need to hear how serious the matter is, and that by one right, or wrong, move can either save them or kill them.

I appreciate your cause and what Protection Against Crime is all about. I hope to see you back here at Katie Rogers Hall next year.

Thank you,

Dear Gary,

Thank you, for coming to my Curves location and educating our ladies regarding their personal safety.

Your Seminar is very informative as well as entertaining. Our ladies are more aware of the attacks that could happen to them and how to better protect themselves.

Thank you, also for giving our ladies the opportunity to purchase your non-lethal, non-toxic self-defense units. All of us attending the Seminar purchased several units for ourselves and our loved ones.

I would recommend Mr. Politte's program to everyone. In this day and time we all need to be more aware of our surroundings and take an active roll in "Protection against Crime."

Sincerely,

Kay Bell

Dear Gary,

Thank you so much for coming to talk to our sorority about crime statistics and self defense. This is second time I have heard you and each time was a little different. You make it fun which really catches their attention about some serious issues. I know the girls really enjoyed your presentation, opened their eyes, and learned a lot not only about what happens out in the real world but how to be safe and defend themselves.

I would strongly recommend this program to other sororities and women groups. There is so much that happens out there that women are not aware of. They should get the chance to understand and learn as much as I know our members did.

Protection Against Crime is a great organization and should be kept a live as long as there are creeps in our world. Keep doing an amazing job and thank you so much!

Thanks,

Gary,

I would personally like to thank you for speaking about protection against crime and offering a means of protection to our chapter. I honestly believe that your presentation was taken to heart by our members.

Our chapter was very impressed with your lecture. You not only captivated your audience with humor, but you also informed them with many interesting facts. The only advice the chapter can offer is to pass out business cards or flyers. There have been many members that were not able to attend your presentation ask how they can contact you.

It would be my pleasure to leave a recommendation for you to the next person who is elected for the Risk Management position. I think that you are one of the best speakers that the Gamma Epsilon chapter has ever seen, and I know that we would love to have you back next fall.

Thank you,

Dear Gary Politte:

Your visit to Alpha of Clovia was greatly appreciated. The information that you shared with our house is very valuable and necessary. Each woman that heard you speak is now equipped with knowledge that could save her life. Unfortunately, in today's world, women are not safe alone. Being provided knowledge of how to prevent attacks and watching techniques on what to do if attacked, makes each of us feel safer in our day-to-day.

Hearing what you have to share might not be something on the top of everyone's list. However, after being part of your class, I can promise that it would be worth anyone's time. The offer of your product was also a great part of your visit. Having the pepper spray is so important. And, at the price you offered it, I cannot see how anyone could risk not purchasing it. Your quick training on the product was also appreciated.

Please accept my thanks on behalf of Alpha of Clovia. Good luck in the future and thank you for all you have done for us and all you continue to do for so many women.

Sincerely,

A handwritten signature in black ink that reads "Abby Poland". The signature is written in a cursive, flowing style.

Dear Gary:

I wanted to take this opportunity to express my thanks for the wonderful job you did speaking to our association on Tuesday. We have had several safety seminars over the years, but you provided several tips that had never been mentioned. Thank you also for providing the pepper spray. Hopefully, none of us will ever have to use it, but it certainly is comforting just knowing it is there.

Again, thank you for taking the time to come and speak to the association. I enjoyed meeting you and enjoyed your presentation. I very much appreciate you sharing your knowledge and expertise in your field with our members.

Sincerely,

Debi Iden, PLS

Gary,

I just wanted to thank you again for coming to Gamma Phi Beta tonight. The chapter really enjoyed the presentation and I know that we all learned a lot. Although serious with important information, the entire talk interesting and funny. I will pass along your information to other organizations on campus and to our chapter planner for future years. This is a topic that girls can never be over-educated on.

Thank you again,

Megan Arnold
